

Viking Day

Wednesday 22nd October

Today we experienced Viking life! We became archaeologists and hunted for Viking linked treasure. We then investigated Viking artefacts ranging from helmets and chainmail to Viking arrows and shields. We used runestones to decode a secret message and we listened to a story, 'Slaying the Lindwurm'. Afterwards, we played 'Kubb' which was a game involving wooden sticks and wooden 'soldiers'. We had to throw the stick to knock down the soldiers of the other team. Next, we played 'bone dice' - a game played in a group of three with 5 dice rolled and points scored for matching pairs. Finally, we listened to a final Viking story about Viking kings and their battles. We had a fabulous day!
