

Remote Learning Questionnaire Data

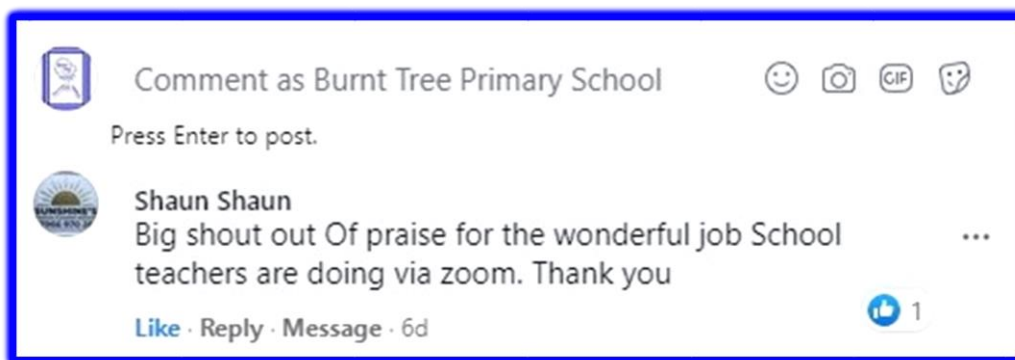

As you are aware, I sent out questionnaires to parents and children regarding our remote learning provision.

Overall, the responses have been very positive and the governors were very pleased with the data we collected from the responses. Please look at the response data below.

As you will see, almost **96%** of parents/carers are **happy** with the provision we are providing!

The other 4% were a combination of forms completed with no names, or duplicate forms, so it is possibly even higher.

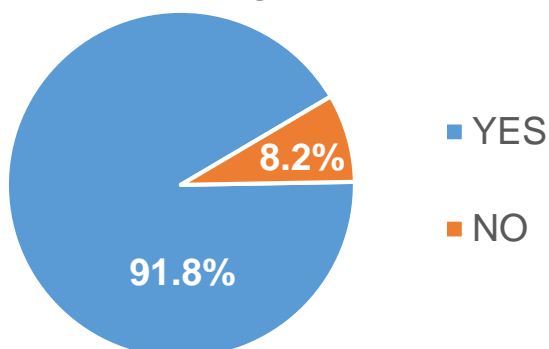

We have also had a Facebook comment from a parent thanking us...

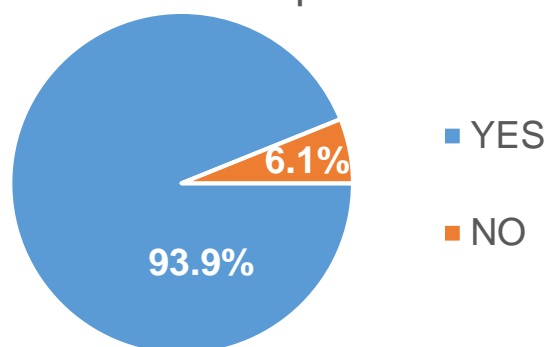

Something that we need to address for the future is how better help children cope with the amount of work as over 20% of parents/carers feel as if their child was struggling to cope. This is also clear in the data from the children's questionnaire.

Remote Learning Parent's Questionnaire Responses

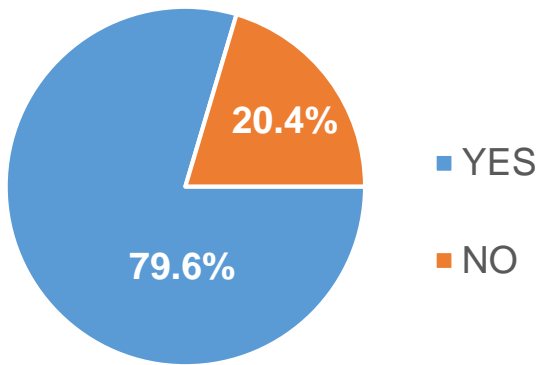

My child has a quiet area at home where they can focus on school work.

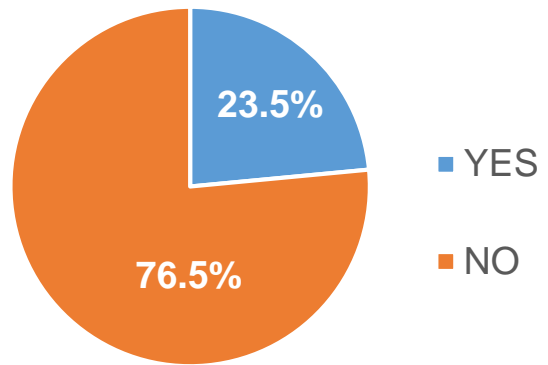

I am happy with the quantity of school work my child has been given to complete.

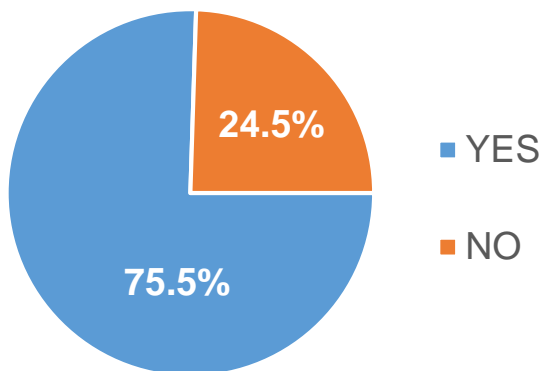

My child is coping with the amount of work.

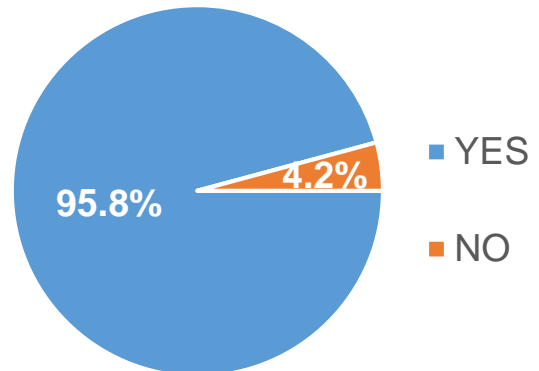

My child is struggling with the amount of work.

I'm feeling confident about helping my child to learn at home.

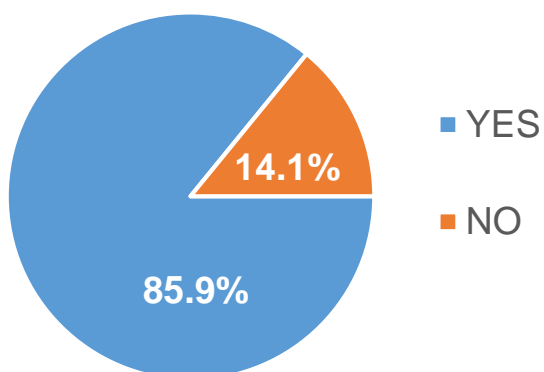

I'm happy with the remote learning provision that Burnt Tree Primary are offering my child.

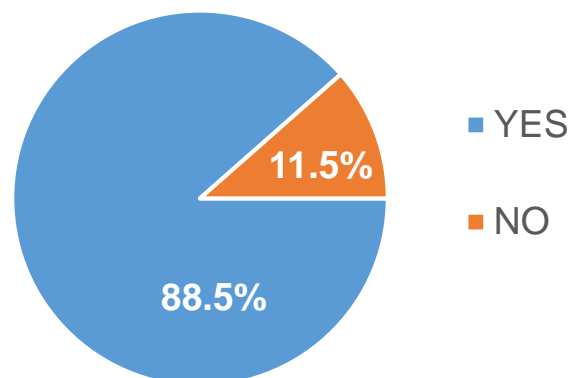

Remote Learning Pupil's Questionnaire Responses

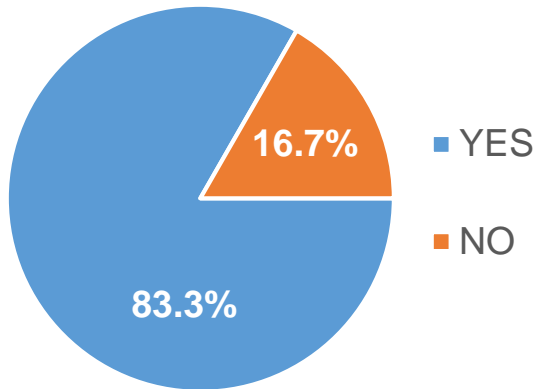

I have a quiet area at home where i can focus on school work.
